Dorinne and Ranessa, two Cyber-Seniors 'besties' from our Cadillac, MI cohort this past Spring

Hi there!

With Fall just around the corner, we wanted to share some exciting new opportunities we have in store that we hope you'll be interested in taking advantage of.

Grants to Start a Cyber-Seniors Program this Fall!

We are excited to announce that we will be awarding 20 organizations micro-grants to work with us in establishing a Cyber-Seniors program and measuring the impact it has on participants. Participants will also receive promotional swag and goodies! We are especially interested in partnering with Universities/Colleges, High Schools, Assisted Living Facilities, and Youth Organizations. Contact Tess@cyber-seniors.ca for more information on how to apply.

Calling all Educators, Retirement homes, Hospital Volunteer Service Groups!
Focus Group Participation Needed

As Cyber-Seniors and its resource base continues to grow, we would like your feedback on the type of resources you are looking for from Cyber-Seniors, and how we can best provide those

to you. We are also interested in supporting organizations in their applications for grant funding. We know that many of you apply for local grants, and Cyber-Seniors would like to support you in this endeavour and understand how we can best provide this support. In addition to the SilverScript offer, we have another opportunity available right now that we would like to share with you.

To accomplish this, we kindly ask for your participation in one of our Focus Group Sessions (see below for dates) to help us better understand our supporters and provide quality resources and offerings in the future.

Focus groups will be held on the following dates. If interested in participating, please contact tess@cyber-seniors.ca for more information.

August 4th @ 1:00 PM EST
August 9th @ 1:00 PM EST
August 11th @ 1:00 PM EST
